Roadside Assistance Services

When you call for 24-Hour Roadside Assistance, one or more of the following (as needed) will be provided to you:

1. Towing

If your vehicle becomes disabled due to a mechanical break-down, complimentary towing will be provided to the nearest authorized Volkswagen dealership or authorized Volkswagen service facility. Please note, for security reasons towing service will not be provided to unattended vehicles - a licensed driver must accompany the vehicle at the time of service.

2 Collision:

Volkswagen-Certified Collision Repair Facilities

In the event of a collision, Volkswagen 24-Hour Roadside Assistance includes no-charge towing directly to the Volkswagen-Certified Collision Repair Facility nearest you.

Accidents happen. After the health and well-being of our drivers and passengers, our attention is clearly focused on the car itself. We recommend that you bring your car to an independent VW Certified Collision Repair Facility.

For a list of independent VW-Certified Repair Facilities near you, please visit www.vwcollision.com or call Volkswagen 24-Hour Roadside Assistance.

3 Battery Jump Start

If your vehicle requires a battery boost due to a mechanical breakdown, a service operator will be dispatched to provide a jump start. If your vehicle cannot be driven safely, towing services will be provided.

4 Flat Tire Service

If your vehicle has a flat tire, a service operator will attempt to remove it and install the spare tire. If the spare is not safely operable or you do not have a spare (or for multiple flat tires), towing service will be provided per above towing parameters.

5 Lock-Out Service

If your keys are locked **inside** your vehicle, a service operator will be dispatched at your request to gain access into your vehicle to retrieve your locked-in keys. However, you are solely responsible for any loss or damage resulting from this entry attempt. If access into your vehicle is unsuccessful, towing service **at your expense** may be provided to the nearest authorized Volkswagen dealership for further assistance. **Note:** If you have lost your keys, contact your Volkswagen dealer immediately for further assistance. **Lost keys and any related expenses including locksmith, costs for parts and/or labor to produce replacement keys, towing, etc. are not covered by this program.**

To provide added security for the vehicle owner, registration papers and personal photo identification may be requested at the scene by the service operator.

6 Fuel Delivery Service

If you happen to run out of fuel, an emergency limited supply of fuel will be delivered to get you on your way. Both the delivery service and the emergency limited supply of fuel are complimentary. **Note: This service is limited to a maximum 5 times per year.** Commencing with the 6th request for fuel delivery service, all related costs will be the responsibility of the vehicle owner.
